Powell to Get More Road

September 27th, the State Highway Commission will contract for the construction of 75 miles more of road in the State. Of this amount 8 miles are to be let in Powell county, from Bowen to the Wolfe county line. This contract will include only the grade and drainage. A well graded dirt road is a good thing, but gravel, which costs but little more, is a much better improvement. At the same time the contract will be let for the grade and drain work on 10 miles of road in Wolfe county, from the Powell county line to Campton. This will give us direct connection with Campton in the summer time.

The Bowen Sale

At the sale of Coin Bowen at Bowen Saturday, articles brought good prices as follows: 9 yearling steers brought \$30.30 per head; three weanling calves sold for \$17.50 per head; one cow, \$41.50, another, \$35.50; one sow and four shotes, \$27.50; two 110 barrows, \$15.00; one thoroughbred Hereford bull, \$74.50. The farm comprising 62 acres of bottom land sold to a Mr. Lutes, of Wolfe county, for \$6,750; Wm. Atkinson, of Stanton, bought the 12 acre tract comprising 4 acres of bottom land at \$900.

New School Building

The Vaughn's Mill school is to have a new two room building to be erected by the Powell County Board of Education. This has been made possible by the patrons of the school paying interest on the funds necessary to build the school house. This building has been badly needed for quite awhile, there being 90 pupils in this school, and the present building being the same little one room type in use for the past 35 years.

Lots of Free Air

Joe Mountz has recently installed in his garage an automatic electric air compressor which is proving most convenient. It maintains over 100 pounds of air at all times, without any attention. This, together with the elevated water tank for free water now makes this garage very complete for accommodating the automobile public with these two very necessary articles.

Prominent Firm Moves to New Building

The Walsh Company, incorporated, of Mt. Sterling, have moved into their new store on South Maysville Street which gives them larger quarters necessitated for their increasing business. Their showing of Fall and Winter clothing, hats, shoes, shirts, and furnishing goods for men and young men is now complete. Do not fail to look for us in our new quarters, South Maysville Street, across from A. B. Oldham & Son.

Mothers' Club to Help

The Mothers' Club will give an ice cream supper Saturday evening at 7 o'clock at the Clay City school house. Surprise boxes will be on sale for the young boys and men. Every box will belong to some good looking girl, single or married. Make your guess, every time you guess wrong, it is 25c. So watch their feet and be at the school house promptly at 7 o'clock and we will show you a good time. The proceeds will be used for buying single desks for the primary grades of our school.

Ford Sales

Joe Mountz, the Ford dealer, reports the sale of new cars to the following persons: Allen Wills, John Baber, Sterling Anderson, J. J. Brewer, Gen. Stokely, and Leonard Johnson. All these cars are of the touring style, with self starters. Mr. Mountz also reports the delivery of a tractor to David Patrick.

The Farmers are now Busy

Farmers are very busy now that sorghum making and corn cutting time is here. The corn crop is not as good in many fields as expected. Especially is this true where the heavy hail on August 1 hurt it so badly. Sorghum appears to be good. We so far have no report as to turnout.

Notice to Taxpayers

I, or one of my deputies will be at the office of the Tax Commissioner in Stanton, Ky., from this date to receive their list of property as required by law. Please call and attend to this.

Mrs. Derickson Improving

Mrs. Catherine Derickson, who has been confined to Clark county Hospital for some time with a complication of troubles, is improving very nicely.

Sells an Overland

Wm. Bashaw reports the sale of a Baby Overland to Mizie Parks, of Furnace. Mr. Parks made his initial trip to Richmond. After his return he said it was the only trip he had made with real pleasure for many moons. He says he does not fear the hills, neither does he have to take any body's dust.

The Prize Watermelon

John Hendricks has raised the prize watermelon of the county so far reported, and this has been a bad watermelon year too. One of his splendid melons was laid on the scales at Robbins' store Saturday and pulled down to 42 1/2 pounds. John always grows large melons, and of the sweet variety too.

Public Sale Near Bowen

Clida Morton, one of the splendid citizens of the county living near Bowen, will have a public sale of his excellent farm and personal property on the premises October 2nd. See his advertisement in this issue of the Times for a partial list of the articles offered.

Sells New Dodge

The Stanton Garage sold and delivered this week a Dodge touring car to a Mr. Brandenburg. The Dodge is a favorite with all its users. If interested in this splendid machine see Mr. Proffitt at Stanton Garage.

Meat Market

I get a regular supply of fresh meats each Wednesday. My headquarters are at Robbins' store and I will make every reasonable effort to supply you with quality meats at a fair price. I am a home man, you need no introduction to me. O. H. Mackey.

Back to Winchester

Mr. and Mrs. J. H. O'Rear and son, Harry, and Misses Ethel, Nellie, Mary, and Fenton Dunbar, have returned to their home at Winchester after a few weeks visit at Mountain View.

Bowen's Deputies

SUBSCRIPTION RATE,
ONE DOLLAR PER YEAR.

Entered as second-class mail matter at the Post Office at Clay City, Ky., under the Act of Congress of March 3, 1879.

The Court of Appeals has Important Docket

The Court of Appeals will open its Fall Term of Monday, September 18th, with the largest criminal docket in its history. There are 111 criminal appeals; most of them growing out of the prohibition act passed by the last Legislature, and involving every phase of the act from the right to give away a drink, which is a criminal offense under the act, to the right of freedom from search and seizure.

The civil docket consists of 357 appeals, in which the usual run of legal questions are involved.

A suit to test the constitutionality of the Simmons-Strange road act, which was introduced to kill the original \$50,000,000 road bond project sponsored by the Republican administration, will soon be filed in either the Franklin or the Jefferson Circuit Court and the appeal will probably be filed in the Court of Appeals some time during the fall term. The measure passed on a strict party vote, 19 to 17, with the Democrats supporting and the Republicans opposing it. Proponents of the measure claim that it is only an enabling act, while its opponents contend that, since it provides that the members of the proposed commission shall receive yearly salaries of \$5,000.00 each, it carries an appropriation and therefore required a two-thirds majority, which it did not receive. Lieutenant Governor Ballard, President of the Senate, refused to sign the bill, giving this reason.

If the Anti-Trading stamp act and the Simmons-Strange road act are declared unconstitutional, all the major acts of the last Legislature will have been thrown out—it generally takes the Courts about a year to straighten out legislative tangles and blunders. Regardless of the decision of the Courts the road-bond question will probably be the main issue in the next gubernatorial campaign, with the Republican nominee supporting the original \$50,000,000.00 road bond project and the Democratic nominee backing up the stand of the Democratic Legislature in killing the road building project.

There are no cases on appeal from Powell county.

Coughs Disturb School Work

School teachers should give the same advice to children who have coughs as this Florida teacher. "I recommended Foley's Honey and Tar to the children in my school who had the 'flu' and good results came whenever it was used," writes Mrs. L. Armstrong, Okeechobee, Florida.—Sold everywhere.

VAUGHN'S MILL.

Messrs. Joe and Chas. Clark were in Mt. Sterling Saturday on a business mission.

Several from here attended the camp meeting under direction of Sam P. Guinn and others at Mt. Sterling last week.

Clark McKnight, Rodney Clark and Kenneth Bush departed Tuesday for Berea where they will enter Berea College.

Charlie Bush is moving his family this week to Union Hall, temporarily, where he has a position with an oil company.

Sidney Townsend has sold his farms near Clay City and bought the Mrs. Ann E. Barnett farm here. Possession March 1st.

Rev. L. F. Martin failed to meet his appointment here Sunday. We do not know why. So there was a large crowd disappointed.

A new school building is promised us and our hopes are that it comes. A larger house will enable the patrons to enjoy more social events.

Special prayer services were held at the Christian church Thursday night preparatory to the revival meeting which is to begin next Saturday night.

Prominent Firm Moves to New Building

The Walsh Company, incorporated, of Mt. Sterling, have moved into their new store on South Maysville Street which gives them larger quarters necessitated for their increasing business. Their showing of Fall and Winter clothing, hats, shoes, shirts, and furnishing goods for men and young men is now complete. Well it is very, very seldom that two people can see alike. Our Bible teaches us there is only one Lord, one faith, and one baptism, and why is it there are so many denominations branched off from the true church. This is man's work; what does the Bible say about adding to or taking from the Word?

Notice to Contractors

Sealed bids and proposals will be received by the Powell County Board of Education at the office of the County Superintendent of Schools, Stanton, Ky., for the building and furnishing of all necessary material for a two-room frame school building at Vaughn's Mill, Ky., according to plans and specification now on file at the office of the County Superintendent. Bids will be received until noon, Saturday, Sept. 16th. The right is reserved to reject any or all bids.

"Slimy Taste"

"When I feel stupid, get constipated, or bilious, I take a good dose or two of Black-Draught and it sets me straight," writes Mr. George B. Haislep, of R. F. D. 2, Columbia, S. C. "It cleanses the liver and I feel all right, and have not used any other medicine as I do not see the need of it. I am a guard at the State Reformatory, and have been for three or more years. When I first heard of

BLACK-DRAUGHT Liver Medicine

and the good medicine it was, I had been having a tired feeling when I'd get up in the morning. I would be stiff and sore, and had a slimy, bad taste in my mouth, but didn't think so much of it till I began to feel stupid and didn't feel like eating—then I knew I needed medicine. It was then I began Black-Draught, and I felt all made over, ready for any kind of work, ready to eat and sleep. So, for any return of this trouble, I take Black-Draught, and for 25 years it has been my medicine, and I wouldn't be without it at all. My work is constant. I am on my feet a lot. I am out of doors, and fresh air and Black-Draught are all the medicines I need. I recommend it to others for I know it is good."

Making 20 Years of Racing Serve Car Owners Today

IN the early days of automobile contests, Barney Oldfield—out to win every race—studied tires. His consistent success led other drivers to ask for tires constructed to his specifications.

Twenty years of road and track victories—with a steady and increasing demand for tires as he built them—convinced Barney Oldfield that these speed tests pointed the way to a better tire for everyday use.

The enthusiastic reception of Oldfield Cords by the public proved he was right. Scores of the most prominent dealers in the country—and many thousands of car owners, experienced in the use of tires—bear witness by their decided preference that Oldfield is doing a bigger and better job of tire making.

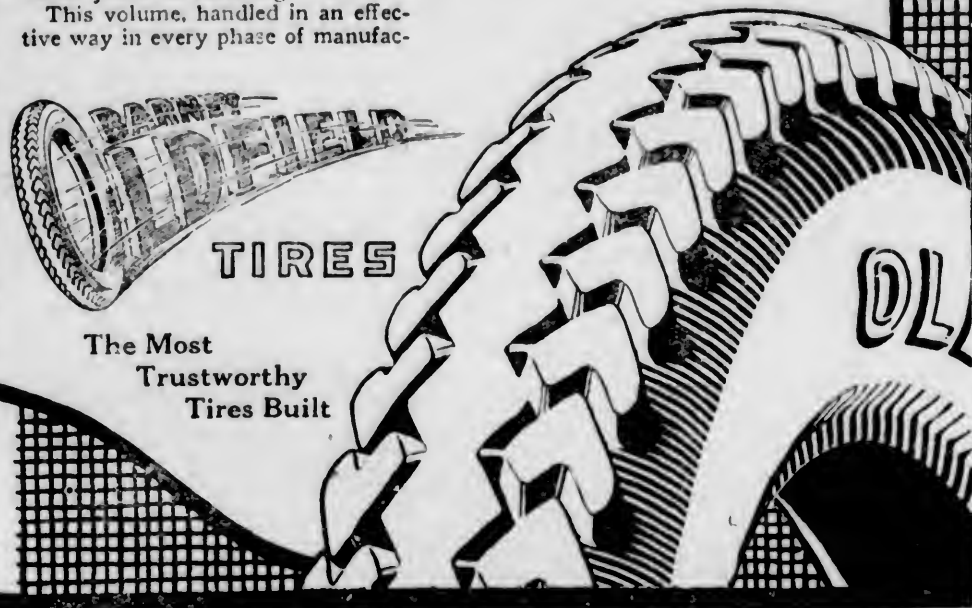

This volume, handled in an effective way in every phase of manufac-

ture and distribution, has resulted in price quotations far below what you'd expect on tires known to be better built and more enduring.

Practically every important race event for three years has been won on Oldfields. The Wichita Test Run in which an entire set of Oldfield Cords covered 34,525 miles on rough roads proves the mettle of the Most Trustworthy Tires Built in everyday driving.

The Master Driver and Tire Builder has given the public a new standard of tire wear and tire cost—a true economy that every car owner should know about.

Your Oldfield dealer has these facts—talk to him.

DODGE Motor Cars and Trucks

¶ We have obtained the agency for the DODGE Motor Cars and Trucks, so if you are in the market for a car, and want to save repair bills, buy a DODGE, the fool-proof car.

¶ If you have not seen the new DODGE with the latest improvements and its added quality, come in and look it over, and place your order now, for the demand is greater than the output.

¶ If you have an old car you wish to dispose of, drive it in; we will sell you a new DODGE, and also sell your old car for you.

¶ We also carry the best line of tires money can buy, and a good line of accessories. If you need a tire, give us a try. Why buy a fabric tire when you can get a GOODRICH SILVERTOWN CORD for practically the same price. All our tires give from ten to twelve thousand miles.

¶ We are equipped to do all kinds of repairing. If we overhaul your car and it is not satisfactory, we make the necessary adjustments without charge. If your battery needs charging, we will charge it for you; if you need a new one, we will sell you a PREST-O-LITE.

¶ If you want your car painted, leave it with us. Come in and make arrangements for winter painting and overhauling. If there is anything you want that we don't carry in stock, we will get it for you.

¶ All our customers will be treated with every courtesy and fairness.

The Clay City Garage

Is still doing business in the same old way. See us when in trouble. We fix cars, engines, tires, batteries and anything that belongs to the automobile. We paint the car and make it run and shine. Let us look over your batteries, it will not cost you anything for us to tell you how your batteries are and what they need. We make 'um, build 'um, and fix 'um. We always have battery water and free air, and we sell gasoline and oil. We thank our many auto friends for their liberal contribution to our mechanical and supply department. Our door is always open or our latch string hangs outside, so just blow your horn or pull the string when you need help. We have just been informed that the Overland Co. has devised a plan whereby you can own an Overland or Willys-Knight car by paying $\frac{1}{4}$ or $\frac{1}{2}$ cash. Balance in 12 equal payments. Come in and let us explain this to you. We have one car in stock to show you.

We repair cars and fix Fords.

Don't be misled

Make sure of getting the original White Plume Flour. The words "White Plume" and guaranteed to please or money refunded" printed on each sack are a sure means of identification.

The "White Plume" brand being our exclusive property, anyone offering flour for sale as "Plume" or intimating that it is "White Plume" is clearly violating the decision handed down by Judge Evans in Federal Court.

White Plume Flour is the highest quality flour it is possible to produce. Don't be satisfied with anything less. Ask for White Plume and see that you get it.
